

LINTEC Corporation manufactures its “clear laminates” and “Protect” products in state-of-the-art pressure sensitive coating facilities. Our facilities operate under the most stringent of clean conditions which in turn produce some of the highest quality laminate films in the world.

LINTEC has developed a series of visual marking films that use more ecologically friendly materials. The Mother Green lineup includes Polyolefin’s, Acrylics, and Urethane based face films. These are ideal for backlit displays, vehicle marking, and laminate solutions.

ISO 14001 Registered Company

How L-AG Protect Works

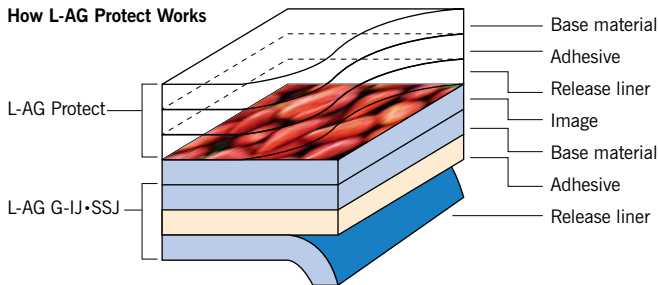

Image:
If printed on clear material it is typically reversed printed and mounted to the inside of the glass.

	Thickness	Look	Size*	Application	Features
Acrylic Film					
G-055AV50	2.0 mil	Gloss	49 x 98 53 x 98	Mid term outdoor use	Acrylic film with excellent transparency for the general use Suitable for use with flat and simple curved surfaces
M-056AV50	2.0 mil	Matte	49 x 98 53 x 98	Mid term outdoor use	Matte version of G-055AV50. Suitable for use with flat and simple curved surfaces
G-073AV30	1.2 mil	Gloss	49 x 98 53 x 98	Short term outdoor use	1.2mil version of G-055AV50, economy grade with paper liner
M-074AV30	1.2 mil	Matte	49 x 98 53 x 98	Short term outdoor use	1.2mil version of G-056AV50, economy grade with paper liner
G-064AV50	2.0 mil	Gloss	43 x 98 49 x 98 51 x 98 53 x 98 55 x 98	Mid term outdoor use	Excellent durability, flexibility, heat-resistance, and transparency
M-065AV50	2.0 mil	Semi matte	43 x 98 49 x 98 51 x 98 53 x 98 55 x 98	Mid term outdoor use	Excellent durability, flexibility, and heat-resistance
M-066AV50	2.0 mil	Matte	43 x 98 49 x 98 51 x 98 53 x 98 55 x 98	Mid term outdoor use	Excellent durability, flexibility, and heat-resistance
Polypropylene Film					
G-069BN20	0.8 mil	Gloss	55 x 98	Indoor use	Economy-grade polypropylene film, not UV protected
M-051BN25	1.0 mil	Matte	38.5 x 164 43 x 164	Indoor use	Economy-grade polypropylene film, not UV protected
Olefin (hydrocarbon) Film					
G-067BN70	2.8 mil	Gloss	43 x 164 51 x 98 55 x 98	Short term outdoor use	Olefin film shrink resistant, UV protected, excellent flexibility
