

How L-AG Mount Works: Example 1

How L-AG Mount Works: Example 2

LINTEC Corporation manufactures its “clear laminates” and “Protect” products in state-of the art pressure sensitive coating facilities. Our facilities operate under the most stringent of clean conditions which in turn produce some of the highest quality mounting films in the world.

With recognition toward what we throw away into landfills, LINTEC has developed a line up of films that breakdown easier in the environment. The Mother Green line up is a series of visual marking films that use more ecologically friendly materials.

The Mother Green lineup includes Polyolefin’s, Acrylics, and Urethane based face films. These are ideal for backlit displays, vehicle marking, and laminate solutions.

ISO 14001 Registered Company

	Color	Thickness	Adhesive	Size*	Application	Features
W-2 Acrylic film						
A-353ZW	White	2.0 mil	Permanent/Permanent gray	43 x 164 53 x 98	Outdoor use	Acrylic film The substrate-side adhesive is gray and excellent in opacity
